# Portraits of a Home

A Summer in Puglia

For the Spring 2022 collection we sought the wonder of nature, in its simplicity. We found ourselves in a rustic house, which immediately became ours, in the Apulian inland, where we worked together from dawn to dusk, to tell our stories from these months during which we invented a new opening to the world. The dry stone walls, the Mediterranean bush, the scenery

of a territory that is harsh and welcoming at the same time are the background of a collection made of basic and clean colors mixing patterns with plain-colored fabrics. A taste of summer and freshness and a tribute to a land that has been able to amaze us and to the passion we found there, the same one that guides our eyes and hands every day.

# MORNING

The Ritual of Water

Connect with your senses and create a sanctuary away from the daily rush. Feel the softness of the textiles on your skin, evoke old memories with the perfume your mother used to wear, or treat yourself to a long bath.

# LUNCH

In the Garden

Take a seat with us and lose yourself in the intense scent of summer. Sweet and crisp like the genuine ingredients that the land gives us, served with simplicity: raw fabrics to dress our table with new textures and savor new flavors to the fullest.

# Who we are

The harmony of tradition that meets modern inventiveness: this is what Borgo Delle Tovaglie is for us, the place where our creations are made from fabrics of the highest quality. Our company was founded in 1996, in the heart of the ancient street of weavers in Bologna, from the desire to produce linen tablecloths with a unique and recognizable style, capable of carrying on an ancient tradition in a contemporary key. When in 2005 we - me, Valentina Muggia, and my husband Giuliano Di Paolo - took over the reins of Borgo Delle Tovaglie, we chose to continue the innovative path started by my mother and, at the same time, to bring our eclectic vision of the home to create bespoke environments, from the most essential to the most glamorous. Since then, our products have been a point of re-

ference in the world of interior decoration, thanks to the union between a traditional aspect and an unprecedented heart of modernity, capable of conquering the best shops of world decor. We like to say that the style of Borgo Delle Tovaglie has no fixed rules because it is cut and sewn to measure, according to the wishes of our customers. At the center, a relationship of close collaboration with the individual, which is born by interpreting their needs and supporting them at every stage, in order to create tailor-made projects, in perfect harmony. All our products, from stain-resistant linen tablecloths, to tablecloths and furnishing fabrics, interpret the home as an intimate place that reflects a style (de vivre) of life, beyond conventions and fashions.
