The ART of LIVING

At home with Valentina Muggia

The house has always been the core of my life, the place where harmony and interconnection exist between people, but also between past, present, and future, where objects rich in history meet a vision of tomorrow. The art of transforming any space into our comfort zone, as well as welcoming us, is intimate and secret, made of simple ingredients that only we know. As a result, I have created objects that can be used as brushstrokes in a painting, so that you can design a home that meets your desires, using bold patterns and floral motifs that meet soft and sophisticated shades. It's the details, from towels to tablecloths, that let us finally get a sense of being at home.

LUNCH With FRIENDS

Welcome with a smile

You can close your eyes and open up to the world with a lighter spirit when you are with friends, sharing the most intimate moments. The beauty of meeting with kindred spirits and the beauty of floral and exotic patterns to decorate the table with color and joy every time, make your table a feast for your eyes and your soul.

WAKE UP, it's CHRISTMAS TIME

Celebrate the holidays in style

There is no better time to make memories than when toasts are made and gifts are opened, as they are more likely to last forever. We have created a unique atmosphere that mixes past and present, with classical elements, inspired by childhood memories, and contemporary motifs, all brought together to give us, intact, all the magic of the holidays. A moment worth cherishing.

Who we are

The harmony of tradition that meets modern inventiveness: this is what Borgo Delle Tovaglie is for us, the place where our creations are made from fabrics of the highest quality. Our company was founded in 1996, in the heart of the ancient street of weavers in Bologna, from the desire to produce linen tablecloths with a unique and recognizable style, capable of carrying on an ancient tradition in a contemporary key. When in 2005 we - me, Valentina Muggia, and my husband Giuliano Di Paolo - took over the reins of Borgo Delle Tovaglie, we chose to continue the innovative path started by my mother and, at the same time, to bring our eclectic vision of the home to create bespoke environments, from the most essential to the most glamorous. Since then, our products have been a point of re-

ference in the world of interior decoration, thanks to the union between a traditional aspect and an unprecedented heart of modernity, capable of conquering the best shops of world decor. We like to say that the style of Borgo Delle Tovaglie has no fixed rules because it is cut and sewn to measure, according to the wishes of our customers. At the center, a relationship of close collaboration with the individual, which is born by interpreting their needs and supporting them at every stage, in order to create tailor-made projects, in perfect harmony. All our products, from stain-resistant linen tablecloths, to tablecloths and furnishing fabrics, interpret the home as an intimate place that reflects a style (de vivre) of life, beyond conventions and fashions.
