offering both comfort and a romantic ambiance.

AN

CELEBRATES
THE FEELING
OF HOME.

The Artistry of Dining: Setting Memories with colours, flowers and linen.

Get your Table Set.

Take a seat at a table that becomes a palette for memories. Each fabric fold unveils a rich tapestry of hues enveloping your table in harmony, while prints, like strokes on a canvas, enhance the setting with vivid emotions. Petals delicately scatter, crafting a botanical sonnet that goes beyond the ordinary. The linen, a tactile masterpiece, intertwines with the floral ballet, transforming the table into a canvas of sensory delight. Choose an allure of effortless elegance, as dining transcends into a visual and tactile symphony and our table becomes a sanctuary of beauty, that whispers the essence of a true holiday getaway.

Valentina's Table Setting Inspiration.

"Whether it's al fresco or indoors, I always go with my intuition. I don't believe there is a rulebook for great design or great hospitality – it's about having fun and being creative, letting your instincts guide you. I look for beautiful objects that speak to each other. I love using earth tones, like the Linen Napkins Nastri from the new collection, and mixing them with contrasting textures Megan like the tabelmat Nastri."

About US

The harmony of tradition that meets modern inventiveness: this is what Borgo Delle Tovaglie is for us, the place where our creations are made from fabrics of the highest quality. Our company was founded in 1996, in the heart of the ancient street of weavers in Bologna, from the desire to produce linen tablecloths with a unique and recognizable style, capable of carrying on an ancient tradition in a contemporary key. When in 2005 we - me, Valentina Muggia, and my husband Giuliano Di Paolo - took over the reins of Borgo Delle Tovaglie, we chose to continue the innovative path started by my mother and, at the same time, to bring our eclectic vision of the home to create bespoke environments, from the most essential to the most glamorous. Since then, our products have

been a point of reference in the world of interior decoration, thanks to the union between a traditional aspect and an unprecedented heart of modernity, capable of conquering the best shops of world decor. We like to say that the style of Borgo Delle Tovaglie has no fixed rules because it is cut and sewn to measure, according to the wishes of our customers. At the center, a relationship of close collaboration with the individual, which is born by interpreting their needs and supporting them at every stage, in order to create tailor-made projects, in perfect harmony. All our products, from stain-resistant linen tablecloths, to tablecloths and furnishing fabrics, interpret the home as an intimate place that reflects a style (de vivre) of life, beyond conventions and fashions.
