# From Italy with LOVE

**Lunch alfresco with friends.**

There's nothing quite like a sunny day in the Italian countryside. The air is filled with the fragrance of freshly picked herbs and the distant sound of cicadas singing. The table is set beneath the shade of a sprawling tree, and on it lies plates of succulent tomatoes and mozzarella, bowls of steaming pasta, and carafes of ruby red wine beckon

to be devoured. The true magic lies not in the sumptuous spread before us, but in the company we keep. Laughter and lively conversation fill the air as we bask in the warmth of friendship and the simple pleasures of life. This is the essence of our lifestyle - a celebration of food, friends, and the beauty of nature.

# a Dreamy AFTERNOON Escape

Our spring and summer picnic.

The sun begins to dip low in the sky and we pack up our picnic basket, heading to our secret spot - a secluded meadow nestled among rolling hills and fragrant wildflowers. The heady scents of the warm season and a light breeze bring the promise of a moment of bliss. We lay out a blanket and settle in, surrounded by the simplicity and

elegance of the countryside panorama. As we savor each bite of our delectable feast - perhaps a crusty loaf of bread, a wheel of creamy cheese- we can't help but feel grateful for this moment of pure joy and tranquility. The simple pleasures of life, surrounded by the beauty of nature and the infinite possibilities it brings.

# there, in the GOLDEN GLOW of the SUN

An endlessly inspiring trip.

As the day fades, we find ourselves lost in the beauty of the natural world around us. The rustle of leaves and the song of birds pervade the air and we are filled with a sense of relaxation. We wander through fields of waving grass, taking in the endless expanse of the sky above us. The world seems to slow

down, as we soak in the dreamy atmosphere, letting our imaginations run wild. There we are, endlessly inspired. The natural beauty of our surroundings ignites our creativity and fills our hearts with a sense of surprise. We are reminded of the importance of taking time to appreciate the world around us.

*«An escape in the midst of nature and out of time:  
creativity flourishes among the sea of purple  
clovers, scattered with custom-lined picnic baskets,  
a dream bed nestled among low branches.»*

# Who we are

The harmony of tradition that meets modern inventiveness: this is what Borgo Delle Tovaglie is for us, the place where our creations are made from fabrics of the highest quality. Our company was founded in 1996, in the heart of the ancient street of weavers in Bologna, from the desire to produce linen tablecloths with a unique and recognizable style, capable of carrying on an ancient tradition in a contemporary key. When in 2005 we - me, Valentina Muggia, and my husband Giuliano Di Paolo - took over the reins of Borgo Delle Tovaglie, we chose to continue the innovative path started by my mother and, at the same time, to bring our eclectic vision of the home to create bespoke environments, from the most essential to the most glamorous. Since then, our products have been a point of re-

ference in the world of interior decoration, thanks to the union between a traditional aspect and an unprecedented heart of modernity, capable of conquering the best shops of world decor. We like to say that the style of Borgo Delle Tovaglie has no fixed rules because it is cut and sewn to measure, according to the wishes of our customers. At the center, a relationship of close collaboration with the individual, which is born by interpreting their needs and supporting them at every stage, in order to create tailor-made projects, in perfect harmony. All our products, from stain-resistant linen tablecloths, to tablecloths and furnishing fabrics, interpret the home as an intimate place that reflects a style (de vivre) of life, beyond conventions and fashions.
